CHEMICAL
ENGINEERING

CHAIRMAN MESSAGE

Dear colleagues and partners,

It is with great pleasure that I invite you to our upcoming technology conference, where the worlds of industry, academia, and legislation converge. This event is a golden opportunity for meaningful dialogue, which is vital for sustainable progress in our field. Both the scientific and industrial segments address the most recent research challenges in engineering as well as current business opportunities in the CEE region. The primary emphasis continues to be on chemical engineering and related domains.

Adding to the excitement, our 2026 conference will be hosted at the new venue - hotel Trigan in the picturesque Štrbské Pleso. We believe this fresh setting will enhance our ability to offer the best possible services to all participants. Don't miss out on this chance to book your place at the conference! Besides the wealth of knowledge to be shared, we have organized a networking social evening, perfect for forging new connections. Young researchers will also have the opportunity to compete for prizes for the best conference contributions.

I look forward to engaging discussions and fruitful knowledge exchanges.

Ján Janošovský

Chairman of the Slovak Society of Chemical Engineering

TOPICS OF THE CONFERENCE

- 01 Process Design and Process Intensification
- 02 Energy Transition and Circular Economy
- 03 Digitalization and Process Control
- 04 Bioengineering and Biotechnology
- 05 Separation Processes and Transport Phenomena
- 06 Reaction Engineering and Catalysis
- 07 Environmental Chemical Engineering
- 08 Pharmaceutical Engineering and Processes
- 09 Risk Management and Process Safety
- 10 Material Engineering and Design

PLENARY LECTURES

Andrea Cipollina

Università degli Studi di
Palermo, Italy

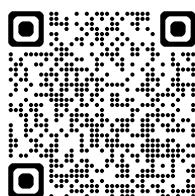

Zdeněk Slouka

University of Chemistry and
Technology Prague, Czechia

Andreas Voigt

Otto-von-Guericke-
Universität Magdeburg,
Germany

Topics of the plenary lectures will be announced soon

PRELIMINARY PROGRAM

Tuesday 26th May 2026

Conference Opening
Plenary Lecture
Poster Session
& Welcome drink

Wednesday 27th May 2026

Oral presentations
Plenary Lecture
Conference Party

Thursday 28th May 2026

Oral Presentations
Plenary Lecture
Conference Closing

CONFERENCE VENUE

The conference will be held at *Hotel Trigan* located at Štrbské pleso, the most iconic glacial lake in the High Tatras, offering unforgettable views of both the High and Low Tatras. The High Tatras are the highest mountain range in Slovakia, renowned for their distinctive alpine peaks, deep valleys, glacial lakes, and mountain huts.

The surroundings of the hotel and the High Tatras region offer many opportunities for hiking and outdoor activities. From the hotel, you can access numerous marked hiking trails leading to Popradské pleso or Veľké Hincovo pleso. A popular attraction is the chairlift from Štrbské Pleso to Chata pod Soliskom, which offers beautiful views and an easy starting point for further hikes.

Book your accommodation at hotel Trigan for the conference in the conference system in the Participant registration section.

The hotel offers a choice of different rooms and the price for accommodation starts at **75 € per person per night in a double-bed room** including local tax and breakfast.

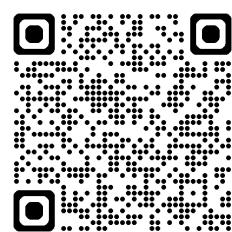

All participants and accompanying persons are invited to attend the **conference party** which will be held at the hotel on Wednesday, May 27, 2026.

IMPORTANT DATES

- March 16**
Contribution submission - lecture
- April**
Preliminary program
- April 27**
Contribution submission - poster
- April 27**
Abstract and fulltext submission
- May 26-29**
Conference

PARTICIPANT REGISTRATION

PRESENTATION FORM

Participants are invited to apply for oral or poster presentations.

Participants are required to submit short description of the submitted contribution together with its title and preferred form of presentation.

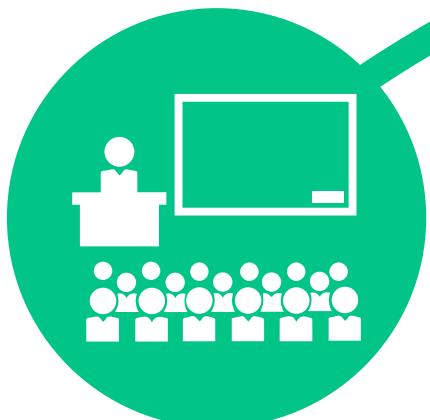

Registration for the conference is available online at

<https://sscheconference.sk>

CONTRIBUTIONS REGISTRATION

LECTURE 15 + 5 min

POSTER 87x118 cm

PUBLICATION OPTIONS

Participants will receive printed program as well as link for download of book of abstracts and full-texts with an ISBN.

All participants are encouraged to submit their conference lecture and poster presentations in the form of original papers or reviews to the journal Chemical Papers (Impact factor 2.5 - Q2).

STUDENT POSTER AWARD

Student Poster Competition with awarding of three best posters judged by scientific committee will be held.

This year, three best posters will be awarded with **250 €** each. Students can register for the poster award competition in the conference system.

CONFERENCE FEES

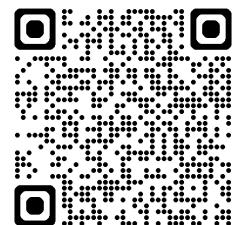

REGISTRATION BEFORE FEB 28, 2026

Regular participant	450 €
Member of SSCHI	420 €
Student	380 €

REGISTRATION AFTER FEB 28, 2026

Regular participant	490 €
Member of SSCHI	460 €
Student	380 €

Conference fees will further rise from the second half of April 2026.

MORE
INFO

Conference registration fee includes

conference materials, proceedings, access to sessions, conference party, coffee breaks, welcome drink and **full board**.

Accompanying persons can not be

co-authors of any contribution. Fee for accompanying person is **190 €** including **full board** and conference party.

COMPANY PRESENTATION

Are your products or services relevant to the conference topics? Then SSCHE 2026 is the right conference for your business. We offer you the opportunity to advertise in the printed programme, which is distributed to every conference attendee. If you are interested in live contact with the participants, we can provide you with a stand at the conference venue. If you are interested in any form of corporate presentation, please contact us at sschi@sschi.sk

ABOUT THE SOCIETY

SSCHI – Slovak Society of Chemical Engineering is the official representative of European Federation of Chemical Engineering in Slovakia. Since 1972, we have been bringing together students, graduates, enthusiasts and supporters of the field of chemical engineering. For more information visit www.sschi.sk/en/
